

Annual Report 2020-21

➤ **About the Sangha:**

The Sharanabasaveshwara Vidya Vardhak Sangha, which runs more than seventy institutions, founded in 1903, works on the education philosophy propounded by the President of our Sangha, Poojya Dr.Sharnbaswappa Appa. The philosophy goes thus, " No religion is greater than service. Teaching and learning not only for the sake of livelihood, but also for the welfare of others, thinking that serving humanity is serving God, is Kayaka Dasoha philosophy of education". As the famous poet Robert Frost says, we indeed have "Many miles to go and many promises to keep" to a great extent our management has been treading this path relentlessly. That is why our president Poojya Dr.Appaji has given us the essence of educational philosophy in the following pithy statement. **"Service to Humanity is Service to God"**

Poojya Dr.Sharnbaswappa Appa, the modern savant, erudite scholar, a finest exponent of Dasoha philosophy, himself being a techno-savvy as the modern days expect an educationist to be, is extolled by everyone. This princely personality has been the cause of installing the equestrian statue of Mahatma Basaveshwara, the 12th century Veerasaiva saint, at Parliament premises in New-Delhi. He is pioneer in opening Gulbarga University, and bringing Gulbarga on the educational map of India. He is fostering and nurturing the entire region of Gulbarga in all its spheres.

The Sharanabasaveshwara Vidya Vardhak Sangha was founded by the 6th Peethadhipati, and it made a humble, yet a noble beginning with its first school housed in MahadasohaMahamane - the spiritual abode. Then onwards it has never looked back and has grown into leaps and bounds. Dedicating itself to the pursuit of service and excellence, it has grown into a mammoth educational center imparting science, commerce, management, arts, engineering and technical education to nearly twenty five thousand students from KG to PG studying in seventy plus institutions, in hundred years of its meaningful and eventful existence it has spent more than hundred crores. "Very rarely an institution starts with a library. So I was taken by surprise and veneration for this institution, because the institution started with a library". This is how Dr. A.P.J Abdul Kalam, the Ex-President of our country pays tribute to our Sangha. Illustrious Sons of India and dignitaries including the father of our nation, Mahatma Gandhi, down to Dr. A.P.J Abdul Kalam, the Ex-President of India have visited to our Institution

➤ **About the College:**

Before India's independence, Basavakalyan was called Kalyani. After independence and division of states on linguistic basis in 1956, Kalyana was renamed as BasavaKalyan in memory of VishwaguruBasavanna, a social reformer who established AnubhavaMantapa (spiritual democracy)

in 12th-century India. Basavakalyan was ruled by Western Chalukyas, Kalachuris of Kalyani, Yadavas of Devagiri, Kakatiyas, Delhi Sultanate, Bahamani Sultanate, Mughals and Hyderabad Nizams. S.S.K. Basaveshwar Arts, Science, Commerce, UG & PG College, was started in 1967. This Institution is one of the earliest Colleges in Basavakalyan. Over the years it has become one of the prestigious institutions as there has been a consistent infrastructure development with both men and material aiming at imparting quality education. This institution is located on the tank bund of "Tripurant Tank" with a very pleasant atmosphere covering an area of about 4.0 acres.

A person with an inquisitive mind may start wondering how this reputed Institute has been in a position to carry out this process of learning and teaching effectively, efficiently and always imbibing the cult of pursuing excellence among the teachers and the taught. Our institution gives importance to all-round development of the students. Our college provides special lecture and remedial classes to the slow learners in all the subjects. The institution aims at transforming every student, who passes through its portals towards a progressive society, while at the same time being tempered by social concern, empathy and visionary leadership. The greatest testimonial to the justification of an institution is the contribution of its students to society.

A thrust area of the college is teaching to acquiring and imparting knowledge, the teachers and students are also aiming to create knowledge through extension activities. Backing the knowledge of the teachers is the library. Over thirty three thousand plus books are at the deck and call of the young scholars. The advanced knowledge being provided here is ably backed by cutting edge facilities - projectors and computers. A student in the campus has endless possibilities of journey through human experience. Recognizing that the real need of every human being is self-actualization, the college offers the scope of self-expression through its Arts, Science & Commerce Academy. The consequence of such outlets of expression is the humanizing of students.
