Param Poojya Dr. Sharanabawappa Appa

**President, SBVV Sangha and
8th Mahadasohi Petadhipathi Sharana Samstan**

The child which is full of innocence, untouched and uncontaminated by the evil of egoism, is considered to be spark of divinity. The teacher should consider that teaching a child is a selfless and dedicated service to divinity. This act of giving spiritual, intellectual and moral enlightenment to innocent children is an offering of flowers of knowledge to God and that is an essence of Dasoha philosophy.

“No religion is greater than service. Teaching and learning not only for the sake of livelihood, but also for the welfare of others, thinking that serving humanity is serving to God, is Kayaka Dasoha philosophy of Education”.

-Poojya Dr. Appaji...

GLIMPSES OF OUR SANGHA

The Sharanabasaveshwar Vidya Vardhak Sangha was founded in 1903 by the 6thPeethadhipati, made a humble, yet a noble beginning with its first school housed in MahadasohaMahamane-the spiritual abode. Then onwards it has never looked back and has grown into leaps and bounds. Dedicating itself to the pursuit of service and excellence has grown into a mammoth educating centre imparting science, commerce, managements, arts, engineering and technical education to nearly twenty thousand student's from KG to PG in forty institutions spending nearly 100 crores in hundred years of its meaningful and eventful existence. "Very rarely an institution starts with a library". This is how a Dr. A.P. J. Abdul Kalam, the former president of our country pays tribute to our Sangha. Illustrious sons of India and dignitaries including the father of our nation, Mahatma Gandhi down to Dr. A.P.J. Abdul Kalam, the president of India, have visited our Institution. There have been many innovations in teaching methodology in the recent past, especially in higher education, more so in technical and management education, but the essence, of philosophy of our institution has remained as it was enunciated by Lord Sharanabasaveshwar. Students may acquire great knowledge which may or may not be used them in their life but the kind of education imparted in our institution lasts forever, which is more rooted in encouraging our students to be self-reliant, inquisitive and positive thinking, governed by great tolerance. The education that we impart gives the students enormous scope for independent thinking and absorbing the difference they confront in the society. The knowledge acquired without subjecting it to enquiry has no relevance. Hence, we infuse the spirit of enquiry into the minds position, when confronted with crisis. We not only empower the students but see that their inherent strengths are tapped and nurtured and further made realize and sustain them forever. As it is well accepted fact that, the prosperity of the nation rests on the quantum of research undertaken with the available resources, which we strive to emphasize in our institution.

Self-discipline and independent thinking are the two corners stones of our institution on which the life of students is built. The faculty makes all out efforts to stimulate intellectual honesty among the fellow students, as our students live in rich cultural environment.

India is a land of composite culture: naturally the strength of our campus is multiculturalism as there are students coming from different spectrums of life be it regions, castes or languages, but they are all unified and united in our premises. This kind of ambience gives us a scope to promote and nurture the talents available and infuse a culture of differences of others. This is bedrock of our philosophy. We make the students learn how to cope up the varied styles and thinking and motivate them to work together for the good of the society. We make tireless effort to make our students responsible citizens of the world.

GENESIS OF OUR COLLEGE:

S.S.K. Basaveshwar arts & Science College was started in the year 1967. Now the college has grown up into very large number of students. The sangha opened this college in the remote part of the Karnataka with sole objective of uplifting this backward area and Karma Bhoomi of Lord Basaveshwar.

VISION OF OUR INSTITUTIONS:

The institution works on Dasoha philosophy of Education.

1. TEACHING AND LEARNING for the sake of livelihood is an ordinary life.
2. TEACHING AND LEARNING not only for the sake livelihood but also for the welfare of others is a good cultured life.
3. TEACHING NAD LEARNING not only only for the sake livelihood but also for the welfare of humanity, thinking that serving humanity is serving God, is kayak and DASOHA PHILOSOPHY EDUCATION.

-Poojya Dr. Appaji
